INSTRUCTIONS FOR PREPARING FORM 27

GENERAL INSTRUCTIONS

FILING REQUIREMENTS: Every corporation, partnership, trust, or estate whether a resident or non-resident that conducts business in a R.I.T.A. municipality must file a return and pay tax on the net profit.

WHEN TO FILE: On or before the fifteenth day of the fourth month following the end of the taxpayer's taxable year.

WHERE TO FILE: Forms may be mailed to R.I.T.A., P.O. Box 89475, Cleveland, Ohio 44101-6475, or delivered to the office of the Regional Income Tax Agency.

EXTENSIONS OF TIME TO FILE A federal extension will extend the municipal due date to the last day of the month following the month to which the due date of the federal return has been extended. A copy of the federal extension must be filed on or before the original due date for filing the return. For good cause, an extension may be granted by the Administrator. Make written request on or before the due date stating reason for extension.

ROUNDING OFF TO WHOLE DOLLARS is permitted. Eliminate any amount less than fifty cents and increase any amount from fifty cents through ninety-nine cents to the next higher dollar.

PENALTY AND INTEREST, in accordance with the law, will be charged for failing to file a return and to pay taxes, including estimated taxes, when they are due.

NEW UNIFORM DEFINITION OF NET PROFITS: Recently enacted law in Ohio creates a uniform definition of taxable income for net profits tax returns, effective for taxable year 2004, for filings that occur in 2005. This definition can be found on our website www.ritaohio.com under the heading of "HB 95 Amendments to Municipal Income Tax" or refer to Ohio Revised Code Section 718.01. A listing of the adjustments to the Federal Taxable Income (FTI) before net operating losses and special deductions are located at the top of the reverse side of this page. Refer to the Adjusted Federal Taxable Income (AFTI) worksheet found on Page 3 of Form 27 or at www.ritaohio.com to determine the AFTI as it pertains to a taxpayer that is not a C corporation and is not an individual, and who shall compute FTI as if the taxpayer were a C corporation.

SPECIFIC INSTRUCTIONS

HEADING - Print your company name, address, federal identification number, or make needed corrections if already imprinted.

LINE 1 - Indicate your Adjusted Federal Taxable Income (AFTI), or the equivalent on Line 1. (Refer to the AFTI worksheet found on Page 3 of Form 27 or at www.ritaohio.com to determine the AFTI, as it pertains to taxpayers that are not a C corporation and is not an individual, and who shall compute FTI as if the taxpayer were a C corporation).

LINE (2A), (2B), AND (2C) - are used to make adjustments when Schedule X is used. Schedule X is used to reconcile income as used for federal purposes by subtracting such income items that are not taxable for municipal purposes and adding back deductions used for federal purposes that are not allowable for municipality purposes. Enter the amounts of any such items in Schedule X, and carry the totals of Schedule X, Lines (G) and (Q) respectively to Lines (2A) and (2B). The difference between Lines (2A) and (2B) is to be entered on Line (2C). Also see instructions for Schedule X.

Reconciliation with Federal Income Tax Return

SCHEDULE X This schedule is used for the purpose of making adjustments when total income (Line 1) includes income not taxable and/or items not deductible for municipal purposes. Enter the amounts of any such items in Schedule X and carry totals, Line G and Line Q, respectively to Lines (2A) and (2B). **LINE A** - Capital losses including losses directly related to the sale, exchange, or other disposition of an asset described in section 1221 or 1231 of the I.R.C. **LINE B** - Would include federal, state, local, and other taxes based on income. **LINE C** - Add 5% of the amount deducted as intangible income, but not the portion of the intangible income related to the sale, exchange, or disposition of property described in section 1221 of the Internal Revenue Code. **LINE D** - In the case of a taxpayer that is not a C corporation and is not an individual, the taxpayer shall compute FTI as if the taxpayer were a C corporation and, in addition to the above adjustments, shall not be allowed a deduction for payments to a qualified self-employed retirement plan, payments for health or life insurance for an owner or owner-employee, or federal self-employment tax. **LINE E** - In the case of a real estate investment trust or regulated investment company, add all dividends, distributions, or amounts set aside for the benefit of investors and allowed as a deduction in the computation of FTI.

LINE N - Capital gains and income to the extent it directly relates to the sale, exchange, or other disposition of an asset described in section 1221 or 1231 of the I.R.C. (Note: Do not include income or gain described in section 1245 or 1250 of the I.R.C.).

LINE P - Include items listed in the general instructions as Federal Income Not Taxable, as well as compensation or like reimbursement for damages, (except for loss of profits), involuntary conversion, cancellation of indebtedness, income of a decedent's income already taxable by the State of Ohio from which R.I.T.A. municipalities are specifically prohibited from taxing, and income which is prohibited from taxation by the Constitution of the United States and the State of Ohio or any Act of Congress or the Ohio General Assembly.

LINE (3A) - is the result of Line 1 plus Line (2A) less Line (2B).

LINE (3B) - The Ohio Revised Code recites a formula (Schedule Y) to determine the percentage of income attributable to R.I.T.A. municipalities by business entities conducting business activity both within and outside R.I.T.A. municipalities. Bring the average percentage from Step 5 of Schedule Y to the % line of Line (3B). Multiply Line (3A) by this percentage and enter the result on Line (3B).

Business Apportionment Formula

SCHEDULE Y A business apportionment formula consisting of the average original cost of real and tangible personal property, gross receipts, and wages paid must be used by business entities not required to pay tax on entire net profits, by reason of doing business both within and without of R.I.T.A. municipalities. However, if the Business Apportionment Formula does not produce an equitable result, another basis (for example the books and records) may be substituted, once approved by the municipality. NOTE: Sales and gross receipts in R.I.T.A. municipalities (Step 3) means:

- All sales of tangible personal property which is shipped from a R.I.T.A. municipality to purchasers outside of a R.I.T.A. municipality regardless of where title passes if the taxpayer is not, through its own employees, regularly engaged in the solicitation or promotion of sales at the place where delivery is made.
- All sales of tangible personal property which is delivered within a R.I.T.A. municipality regardless of where title passes, even though transported from a point outside a R.I.T.A. municipality, if the taxpayer is regularly engaged through its own employees in the solicitation and the sales result from such solicitation or promotion.
- All sales of tangible personal property which is delivered within a R.I.T.A. municipality regardless of where title passes, if shipped or delivered from a stock of goods within a R.I.T.A. municipality.

LINE (3C) Refer to the Special Notes section as to the specific municipal limitations on Net Operating Losses.

HOW TO TREAT A NET LOSS: The portion of a net operating loss sustained in any taxable year, allocable to a R.I.T.A. municipality may be applied against the portion of the profit of the succeeding year(s) allocable to a R.I.T.A. municipality until exhausted, but in no event for more than five (5) taxable years. (SEE SPECIAL NOTES). No portion of a net operating loss shall be carried back against net profits of any prior year. The portion of a net operating loss sustained shall be allocated to a R.I.T.A. municipality in the same manner as provided herein for allocating net profits to the taxing municipality. A worksheet or schedule is required to support an operating loss claimed on the return. The net operating loss of a business which loses its identity through merger, consolidation, etc. shall be allowed as a loss carry-forward deduction to the surviving business entity to the extent permitted by the Internal Revenue Code.

If the amount of tax shown on Line 5 of this form is to be allocated to any R.I.T.A. municipality, you must fill in the names of all the municipalities and the amount of taxable income and tax due to each one. The total distribution in Schedule B must equal total tax due (Line 5). Attach a schedule if you need more space.

LINE (6B) - Enter credit from prior year(s). (Overpayment you indicated on the prior return to be credited against this year's tax.)

LINE (6C) - is the total of Lines (6A) and (6B).

LINE (7A) - If Line 5 is greater than Line (6C) the difference should be entered here. Remittance in this amount must accompany the return when filed. If this amount is less than \$1, (for Macedonia \$2 and Ashville \$5), you do not have to pay.

LINE (7B) - If Line (6C) is greater than Line 5 the difference should be entered here. This amount will be transferred as a credit unless you request a refund. - Credit from prior year:** If upon completion of your annual net profit Form 27 you have accrued a credit and did not request a refund, you may take that credit on Line (8B). Otherwise, place a zero on this line.
- Subtract Line (8B) from Line (8A) and place the difference on Line (8C).
- Enter the amount of estimated tax to be paid with this return on Line (8D).

LINE (9) - Enter the total tax (Line 7A) plus total estimate paid (Line 8D).

For your convenience, you may pay the full amount of total estimated tax due, (Line 8C), with this declaration. Otherwise, 1/4 of the estimated tax due must be remitted with this declaration and the remaining amount will be billed to you in three equal installments.

For each R.I.T.A. municipality owed, if your estimated payments are not 90% of the tax due or are not equal to or greater than your prior year's total tax liability, you will be subject to penalty and interest assessments.
